

DATA ANALYSIS

For each graph, think about what these data are showing you (your observations). Based on these observations, think about what you can imply about what those observations mean (interpretations).

1. Type of Graph: _____

Graph of _____ versus _____

Observations	Interpretations

2. Type of Graph: _____

Graph of _____ versus _____

Observations	Interpretations

DATA ANALYSIS

CONT'D

3. Type of Graph: _____

Graph of _____ versus _____

Observations	Interpretations

4. Type of Graph: _____

Graph of _____ versus _____

Observations	Interpretations
